AGNES SCOTT COLLEGE

History and Purpose

AGNES SCOTT is a privately controlled college of liberal arts for women offering courses leading to the Bachelor of Arts degree. The College is located on a sixty-five acre campus at Decatur, Georgia, in the metropolitan Atlanta area. Its student body averages six hundred and forty and comes from more than half of the states and several foreign countries. Permanent assets amount to more than \$14,500,000, of which \$8,800,000 is in endowment.

The College was founded in 1889 as Decatur Female Seminary, renamed Agnes Scott Institute in 1890 in honor of the mother of the founder, Colonel George W. Scott, and chartered as Agnes Scott College in 1906. Its three presidents have been Frank Henry Gaines (1889-1923); James Ross McCain (1923-1951); and Wallace McPherson Alston (1951-).

Agnes Scott was founded by Presbyterians and has always maintained a close relationship to that church. The College is not controlled or supported by the church, however, and special care is taken not to interfere in any way with the religious views or church preferences of students.

A commitment to the liberal arts program, insistence upon quality in education, and emphasis on the development of Christian character are foundation principles of the College. Strengthening these purposes are small classes, close faculty-student relationships, continuity of leadership, and a varied program of student activities. On completion of the Bachelor of Arts degree, students interested in careers enter immediately — or after further study — a variety of fields which include teaching, religious education, business, medicine, research, government, and social service. Fifteen to twenty per cent of each class take advanced work on the graduate or professional level.

Educational Recognition

In 1907 Agnes Scott was admitted to membership in the Southern Association of Colleges and Secondary Schools. In 1920 the College was placed on the approved list of the Association of American Universities and in 1926 it was granted a charter by the United Chapters of Phi Beta Kappa. It was a charter member of the American Association of University Women and of the Southern University Conference.

University Center

Participation in the University Center, a group of eight institutions of higher learning in the Atlanta area, provides social and educational resources beyond the limits of the college campus. In the group are Emory University, Georgia Institute of Technology, Georgia State College, the University of Georgia at Athens, Columbia Theological Seminary, Atlanta Art Association, Oglethorpe University, and Agnes Scott College. Chief features of this cooperative program are reciprocity in library services, exchange of instructors, provision for visiting scholars, and the avoidance of duplication and overlapping in certain areas of instruction.

ADMISSION OF STUDENTS

AGNES SCOTT has a resident student capacity of approximately five hundred and seventy-five. Total enrollment, including resident and non-resident students, averages six hundred and forty. Applicants whose homes are not in the local community must apply for admission as resident (boarding) students. Exception may be made if they can live with close relatives.

Correspondence regarding admission should be addressed to the Director of Admissions.

Admission to the Freshman Class

There are two plans of admission: (1) the Regular Plan, open to the majority of applicants, and (2) the Early Decision Plan, an optional plan open to a small group of applicants who are ready by October of the senior year in high school to certify that Agnes Scott is their single choice of college and who have followed instructions outlined in Item 4 of this section.

In determining admission, the Committee on Admissions considers the candidate's academic preparation, general ability and interests, character, personality, and health. Criteria for judging admission qualifications include the high school record with statement of graduation and rank in class, College Entrance Examination Board test results, principal's recommendation, health report, and additional personal data which the College secures.

1. *Academic Preparation.* Courses taken in high school should be relevant to courses offered in college in order to provide continuity in the total program of study. Skill in English composition, ability to read with comprehension, some competence in at least one foreign language, and some understanding of scientific principles and methods are important in preparation for the program here; preference

will be given to applicants who present evidence of this preparation.

Candidates for admission are expected to take a minimum of four academic subjects during each of the four years in high school. The following subjects are strongly recommended or required:

English composition, grammar, and literature; four years required.

College preparatory mathematics, including plane geometry; three years recommended.

Foreign language: three or four years of one language (preferably Latin), or two years in each of two different languages recommended. A minimum of two years of one language required. No entrance credit given for one year of a language.

Science: one or more laboratory sciences (biology, chemistry, or physics) recommended.

History: two years (preferably European and United States history) recommended.

Elective credits may be chosen from the foregoing subjects. Credits may also be presented in art history and appreciation; Bible; and music theory, history, and appreciation. No entrance credit is given for physical education, glee club, band, and other extra-curricular activities. While typing is considered a helpful skill, it should not be offered as one of the sixteen entrance credits.

Prospective applicants are advised to send during the junior year, or earlier, an informal statement of courses taken and grades made. A form for the purpose may be obtained from the Admissions Office.

2. Filing of Application (Regular Plan). The application for admission form may be secured on or after September 1 of the candidate's senior year in high school and may be filed on or after October 15. It should be filed before February 1. A statement regarding admission and scholarship procedure is mailed with each application form and should be studied carefully by the applicant.

On receipt of the application for admission, the College will forward to the candidate a certificate form for the

high school record; this transcript is to be sent directly by the high school to the Admissions Office. If the application and transcript are filed prior to the end of the first semester, the College will then send to the candidate in late January a form on which her first semester grades may be recorded. At the end of the school year, the College will forward directly to the high school a form on which the official record for the entire senior year, including statement of graduation, may be recorded.

3. *Scholastic Aptitude and Achievement Tests.* All applicants (except those admitted on the Early Decision Plan) must take, during the senior year, the Scholastic Aptitude Test and three Achievement Tests of the College Entrance Examination Board. No special preparation is required; scores made are only one of several items considered in measuring the candidate's ability and academic preparation. The Scholastic Aptitude Test is to be taken in December or January (preferably December). The Achievement Tests are to be taken in January or March (preferably January) and should be in continuing subjects such as English, foreign language, and mathematics.

High school juniors are advised to take the College Board Scholastic Aptitude Test in March or May and Achievement Tests in May in English and also in one-year or terminal subjects which will not be continued in the senior year. They should request the College Entrance Examination Board to forward the results to Agnes Scott. Those interested in Early Decision should read instructions in Item 4 of this section.

The candidate should write to the College Entrance Examination Board for a Bulletin of Information, which contains an application blank, rules regarding applications, lists of examination centers, and information about tests. The address of the Board is Box 592, Princeton, New Jersey, or (for candidates who live in western states) Box 27896, Los Angeles 27, California. The application should

be completed and mailed to the Board, with the appropriate fee, several weeks in advance of the testing date.

The Board has set the following examination dates for the remainder of the academic year 1960-1961: February 4, March 18, and May 20 (primarily for juniors). Dates for the 1961-1962 series are December 2, January 13, March 3, and May 19 (primarily for juniors).

4. *Filing of Application (Early Decision Plan)*. Candidates who have decided that Agnes Scott is their single choice of college and who will certify that they are not applying to any other college until informed of the action of the Agnes Scott Admissions Committee may apply for admission on the Early Decision Plan. They must have taken the Scholastic Aptitude and three Achievement Tests of the College Entrance Examination Board in May of the junior year (or the Scholastic Aptitude Test in March and the Achievement Tests in May). Achievement Tests are to be taken in English and in two other subjects being studied during the eleventh grade. They should not be taken in first year foreign language.

The special application for Early Decision is to be secured from the Admissions Office on or after September 1 of the senior year; application is to be filed by October 15 (or October 1, if scholarship assistance is requested). Candidates will be notified by early December of the action of the Committee.

Candidates accepted on the Early Decision Plan agree, if they wish a place held in the freshman class, to make a non-refundable payment; this payment represents a portion of the total expenses for the freshman year and, in the case of boarding students, takes the place of the room-retaining fee due on June 15.

The Early Decision Plan is designed to assure unusually well-qualified applicants of admission to their first-choice college. Only those with excellent school records and good junior year College Board test results should apply; they

should first secure advice from their school principal or counselor. Those who do not qualify on this Plan, or who do not have a single choice college by October 15, are under no handicap when their applications are considered later in the year, on the Regular Plan.

5. *Acceptance of Application.* Candidates for admission on the Regular Plan are mailed acceptance letters in the spring. Acceptance of an application (Regular or Early Decision Plan) assumes the satisfactory completion of courses in progress and a satisfactory medical report.

6. *Medical Report.* Each new student is required to submit a certificate of complete examination by her family physician; a certificate of successful vaccination against smallpox within six years; certificates of immunization against typhoid, polio, and tetanus; a report on a recent chest X-ray; and a complete medical history report. Instructions and forms for this report are mailed in May; the report must be completed and returned to the College Physician by August 1.

7. *Advanced Placement Tests.* Students who have taken college level courses in high school and who wish to be admitted to more advanced courses than those offered in the regular freshman program are advised to take the Advanced Placement Examinations of the College Entrance Examination Board in May. Information may be secured from their schools or through College Board Advanced Placement Examinations, c/o Educational Testing Service, Box 592, Princeton, New Jersey.

8. *Assignment of Rooms and Roommates.* Rooms and roommates are assigned by the Dean of Students and her staff in late August and early September. Information about assignments is not available until the student arrives in September. However, special requests regarding rooms or roommates may be filed with the Admissions Office for referral to the Dean of Students. Such requests will be honored if possible. Date of application is one of the considerations in assigning rooms.

Admission to Advanced Standing

A limited number of students from other institutions may be admitted each year to the sophomore and junior classes. Each applicant must fulfill the requirements for admission to the freshman class, using her transferred credits if necessary. She must present transcripts of her high school and college records, a copy of the college catalogue with the courses taken indicated, a statement of honorable dismissal, and the results of the Scholastic Aptitude Test of the College Entrance Examination Board. Because admission on this basis is limited, the College advises only those students to apply who have made good records and who have followed a course of study corresponding to the Agnes Scott program. All credits are tentative and dependent on satisfactory work at Agnes Scott.

Candidates for the degree must complete the work of the junior and senior years in this college.

Appointments at the College

Visitors are welcome. The admissions office is open (except during holiday periods) on Monday through Friday from nine to twelve and two to four and on Saturdays until noon. An appointment should be made in advance in order that the student may confer with a member of the admissions staff and have the opportunity of seeing the campus with a guide. If an appointment cannot be made at the College, it is possible that an interview can be arranged in or near the applicant's home or school.

THE CURRICULUM

AGNES SCOTT COLLEGE offers a program of study leading to the Bachelor of Arts degree. A plan of distribution and concentration is followed, permitting the exploration of several areas in the first two years and specialization in a major field in the last two years.

Three quarters make up the college year. Credit for courses taken is given in terms of quarter hours. A course scheduled for three hours a week for one quarter will give a credit of three quarter hours; a course scheduled for three hours a week for the entire college year will give a credit of nine quarter hours.

Candidates for the degree must present one hundred eighty quarter hours of academic credit. They must earn at Agnes Scott a number of quality points equal to the number of credit hours taken in residence and presented for the degree. A grade of C or above must be made in not less than forty-eight quarter hours in the junior and senior years, and in not less than twenty-one hours in either of these years. The work of the junior and senior years must be completed in this college.

Required Courses

Certain courses are required, as listed below, and others are elective. The program of work for each student is approved by the appropriate Committee on Courses and may not be changed without the permission of the Committee.

A. Specific requirements:

English 101	9 quarter hours
Bible 101 or 201	9 quarter hours
Physical Education, 3 periods a week during the first 6 quarters of residence	

B. Group requirements, with options:

Group 1. a. Foreign Language 9 or 18 quarter hours

Latin, Greek, French, German, Spanish. A language based on two or more high school credits may be continued for a minimum of one year (9 hours), or a new language may be taken for a minimum of two years (18 hours). Students admitted with only two credits in one foreign language are required to take a minimum of two years (18 hours) in one language in college.

b. Literature 9 quarter hours

Choice of a literature course in English (English 211) or a literature course in a foreign language. If a literature course in foreign language is used to satisfy this requirement, it must be a course beyond the intermediate level and it cannot be in the language used to satisfy requirement *a* in this group.

Group 2. Science and Mathematics 21 quarter hours

Biology, Chemistry, Physics, Astronomy, Mathematics. The equivalent of a year course must be completed in each of two departments. One course (12 hours) must be in a laboratory science.

Group 3. a. Choice of History 101 or 215, Classics 150, Philosophy 201 9 quarter hours

b. Choice of Economics 201, Political Science 201-202 (unless History is offered under *a*), Psychology 201, Sociology 203-205 9 quarter hours

The freshman program of study is approved by the Committee on Courses for Freshmen and usually includes five academic subjects and physical education. The following courses must be elected, with the options indicated above: English 101; a foreign language (continuation and/or a new language); a science and/or mathematics. Since two courses in Group 3 are required for the degree, it is usually advisable to take one in the freshman year; in this field, History 101 and Classics 150 are open to first-year students. Courses in art, Bible, music, and speech are also available.

The specific and group requirements for the degree must be completed by the end of the sophomore year with such exceptions as the Committee on Courses for Upper Classmen permits.

Major and Related Hours

The major and related hours are planned by each student in the spring quarter of the sophomore year and approved by the department concerned.

The major department shall control a minimum of fifty-one quarter hours and a maximum of sixty. The hours shall be distributed as follows: thirty-six to fifty-one quarter hours in one subject, including the basic course, and nine to twenty-four quarter hours in closely related fields, with a minimum of nine in one department. An exception may be made in the departments of Art, Classics, Music, History and Political Science, and Economics and Sociology, where the major may consist of fifty-one to sixty hours without related work in another department. Exception may also be made in the department of Chemistry for students who wish to meet the requirements of the American Chemical Society.

The limitation upon the number of hours in the major subject does not apply in the case of courses which may not be counted in the major (elementary modern foreign language, for example). However, no more than sixty-three hours may be taken in the major department unless the excess hours represent work beyond the one hundred eighty hours required for the degree.

The independent study program is not included in any of the above limitations.

Unless specifically excused by the major department and the Committee on Courses for Upper Classmen, the student must continue her major subject throughout the junior and senior years and must take at least twenty-seven hours in the major subject during these years, with a minimum of eighteen hours in 300 and 400 level courses. A minimum of eighteen of the twenty-seven hours must be completed with a grade of C or above.

Major work is offered in the following subjects: Art, Bible, Biology, Chemistry, Classics, Economics, Economics

and Sociology, English, French, German, Greek, History, Latin, Mathematics, Music, Philosophy, Physics, Political Science and History, Psychology, Sociology, and Spanish. Through an agreement with Emory University, major work is offered in Business Economics.

An interdepartmental major is offered in Science. This major is primarily for premedical students and for students planning to teach science in secondary school. The major for students interested in medicine or medical technology should consist of: Biology 101, 304, 305 or 310, 306; Chemistry 102 or 101-201, 203, 301, 304; Physics 101. For those who plan to teach science the major shall consist of approximately the same total number of hours, but courses may be varied with the approval of the department of primary interest.

The Junior Year Abroad

Qualified students may substitute for the work of the junior year at Agnes Scott a year of study abroad under the direction of a group approved by the College. To be eligible for the junior year abroad, a student must have high standing in the work of the first two years and must be recommended by her major department and by the language department involved. Any student who may wish to apply for the year abroad should file written request in the office of the Dean of the Faculty before February 1 of her sophomore year.

Program of Independent Study

Through a program of independent study, superior students are given the opportunity to explore for themselves some field of intellectual or artistic interest in their major field and to produce independently some piece of work connected with it. The program is open to seniors who qualify on the basis of a B average by the end of the winter or spring quarter of the junior year. Students who

are eligible for the program are so notified by the Dean of the Faculty.

Summer Courses

Students may attend accredited senior college summer schools. Courses and credits must be approved by the Dean of the Faculty before the close of the regular college session. A student who attends summer sessions in order to accelerate her academic program must have her entire plan of acceleration approved by the Dean of the Faculty.

The number of hours a student may take in one summer session will depend upon the quality of her work at Agnes Scott, upon the nature of the courses chosen, and upon the length of the summer session. Under no circumstances will more than fifteen quarter hours be approved for a single summer session. Total summer session credits counted toward the degree may not exceed thirty quarter hours. In order to receive credit, the student must make a grade higher than the passing grade (for example, C when the passing grade is D).

Summer session work may not be used to fulfill quality point requirements for classification or for the degree.

ADMINISTRATION OF THE CURRICULUM

STUDENTS are expected to make themselves thoroughly familiar with the plan of the curriculum and to arrange their courses to conform with its requirements. During the spring quarter of each year, all students in residence file with the Registrar cards indicating tentative course selection for the next session. These course cards are approved or revised by the Committee on Courses for Upper Classmen. Freshmen make a tentative selection of courses during the summer preceding enrollment.

Limitation of Hours and Courses

The maximum number of credit hours a week for freshmen is sixteen and the minimum fourteen.

The maximum number of credit hours a week for sophomores, juniors, and seniors is eighteen and the minimum fourteen. Permission to carry eighteen hours is restricted to students who have made a B average for the preceding quarter; such permission is granted by the Committee on Courses for Upper Classmen. Students admitted to the teacher education program may carry twenty hours during the quarter of apprentice teaching.

Not more than two courses, or a total of ten quarter hours, may be taken under any one instructor in any given quarter.

Not more than twenty-five hours may be taken in one subject in any one session, and not more than sixty-three hours in one department may be presented for the degree. (See statement under Major and Related Hours.) If more than sixty-three hours are elected in one department, they must be in excess of the one hundred eighty required for the degree.

Not more than thirty-six hours in the junior and senior

years may be in courses below the 300 level; hours in excess of thirty-six in 100 and 200 level courses must be in excess of ninety total hours earned in the junior and senior years.

Not more than nine hours in the senior year may be in 100 level courses except by permission of the major professor, the Dean of the Faculty, and the Committee on Courses.

Students may audit courses only with written permission from the Dean of the Faculty. Such permission is given in a limited number of cases; the student's previous academic record, the number of credit hours being carried, and the recommendation of the major department are factors considered.

Course Changes

A course of study which has been approved cannot be changed without the permission of the appropriate course committee. No new course may be elected after the first ten days of a quarter. No course may be dropped after the second Tuesday in November for the fall quarter, the second Tuesday in February for the winter quarter, or the first Tuesday in May for the spring quarter; exception may be made only with the permission of the appropriate course committee and the Dean of the Faculty.

Class Attendance

Attendance at all academic appointments is required of all freshmen during the first quarter, of those freshmen during the second quarter whose grade in any academic subject is below C, of students on the ineligible list, and of students who are on academic probation. It is expected that other students will keep all academic appointments and will not be absent without just cause. The responsibility for any work missed because of absence rests entirely upon the student.

Attendance at tests announced a week in advance is mandatory.

Attendance at classes is required the day before and the day after a holiday.

Each student is required to register before attending her first class in the winter quarter. A student who returns from Christmas vacation in time to attend her first class, but who fails to register before doing so, is subject to an automatic penalty of a \$5.00 late registration fee. A student returning late from Christmas vacation is subject to the penalty of a \$5.00 late registration fee unless her absence is excused by the Committee on Absences.

Examinations

General examinations are held at the end of each quarter. Attendance is required. A student absent from examination because of illness may take the examination in question at the regular time scheduled for re-examinations (see below). A student absent without excuse from the Dean of Students or the physician is automatically excluded from college.

Re-examinations are permitted in the case of conditional failure. These examinations are given in the first week of the quarter following failure. Those failing in a re-examination are required to repeat the course or forfeit the credit.

A "special" examination is given only with the permission of the Dean of Students in response to a written request from the student. If permission is granted, the student must present the Dean of Students' receipt for \$5.00 before the instructor is authorized to give the examination.

Grading System

Grades indicating the student's standing in any course are officially recorded as follows: A, excellent attainment; B, good attainment; C, average attainment; D, passable

attainment; E, failure with privilege of re-examination; F, failure without privilege of re-examination.

Grades are evaluated by a quality point system: A = 3 quality points per quarter hour, B = 2, C = 1, D = 0. For a statement of the grade and quality point requirements for class standing and for graduation, see sections on Classification of Students and Requirements for the Degree.

Discipline and Exclusion

The work of each student is reviewed at the end of every quarter. Those students whose work is not satisfactory are placed on an ineligible list. They lose the privilege of voluntary class attendance, and their activities and social engagements are subject to review by the Dean of Students.

A student whose work is very unsatisfactory at the end of any quarter may be asked to withdraw from the college or may be placed on academic probation for the remainder of the year. If by the end of the session a student has failed to earn at least thirty quarter hours of degree credit in academic work she is automatically excluded.

A student who fails for two successive years to meet the requirements for advancement to the next higher class is automatically excluded.

A student whose continuance in college may involve danger to her own health or to that of others may be asked to withdraw.

Each student upon entrance formally adopts the Honor System by signing a pledge to uphold the standards and regulations of the College. These standards and regulations are printed in *The Student Handbook*. A student whose conduct indicates that she is not in sympathy with the ideals and standards of the College or who is not mature enough for its program may be asked to withdraw. In such cases the judgment of the administrative officers is sufficient, and it is not necessary that specific charges be made.

COURSES OF INSTRUCTION

1961-1962

COURSES numbered 101 to 199 are open primarily to freshmen and sophomores; Courses 201 to 299 to sophomores and juniors; Courses 301 to 399 to juniors and seniors; and Courses 401 to 499 to seniors only. Courses open to lower classes are also open to upper classes unless stated to the contrary.

Fall quarter courses are designated by *a*, winter quarter courses by *b*, spring quarter courses by *c*. Numbers with hyphenated letters indicate courses extending through two quarters. Numbers without letters indicate courses extending throughout the year. No credit is given for a course until the entire course is completed.

Program of Independent Study

The course number 490 is used in each department for the program of independent study. The program may be undertaken for three, four, or five hours per quarter, with a maximum total credit of ten quarter hours, and must be continued throughout more than one quarter except in unusual cases and with the permission of the Dean of the Faculty. Students who are eligible for the program are so notified by the Dean of the Faculty.

Emory University Courses

Under a cooperative agreement, upperclassmen may take courses at Emory University. Permission for such courses must be secured from the Chairman of the Course Committee and is usually limited to courses not offered at Agnes Scott. Students interested in the pre-professional courses in Librarianship should consult the Dean of the Faculty.

ART

Professor WARREN

Associate Professor HUPER

Assistant Professor WESTERVELT

The objective of the Department of Art is to give training in appreciation, to help students form standards of taste, and to promote creative effort in the entire community. The Department offers a balanced program of practice, theory, and history, so integrated as to bring effectively into a liberal education the essential values of the visual and plastic arts.

Introductory courses (those on the 100 level) do not require previous experience in art, and are designed to provide all students with essentials for becoming part of the cultural life of their community.

Basic Courses

101a. INTRODUCTION TO THE FINE ARTS. An introduction to the pictorial, structural, and plastic arts. A course in the theory of art. A brief discussion of art criticism, aesthetics, the social and psychological functions of art, and the philosophy of art.

Fall quarter:

Section A: Monday, Wednesday, Friday 8:30. *Miss Huper*

Section B: Monday, Wednesday, Friday 11:10. *Mr.*

Westervelt

Credit: Three quarter hours

Section A is primarily for freshmen.

102b. INTRODUCTION TO THE FINE ARTS. Continuation of 101a. A non-technical analysis and criticism of prehistoric art, the art of ancient Egypt, Mesopotamia, Greece, Rome, the Americas, and Medieval art.

Winter quarter:

Section A: Monday, Wednesday, Friday 8:30. *Miss Huper*

Section B: Monday, Wednesday, Friday 11:10. *Mr.*

Westervelt

Credit: Three quarter hours

Section A is primarily for freshmen.

103c. INTRODUCTION TO THE FINE ARTS. Continuation of 102b. A non-technical analysis and criticism of the art of the Renaissance and the eighteenth, nineteenth and twentieth centuries.

Spring quarter:

Section A: Monday, Wednesday, Friday 8:30. *Miss Huper*

Section B: Monday, Wednesday, Friday 11:10. *Mr.*

Westervelt

Credit: Three quarter hours

Section A is primarily for freshmen.

199a, b, c. ART STRUCTURE. Fundamentals of the language of the visual and plastic arts. A study of the elements of design and drawing, the plastic arts of pottery and sculpture, and an introduction to painting and the theory of color. Lectures relate experiments to works of the past and present.

a. Design and Drawing. An introduction to the pictorial and plastic arts.

b. Basic elements of design. Organization of the visual elements: line, color, texture, volume, and space.

c. Materials and methods in the creative process. Experiments in various media. Problems in color based on still life and field trips.

Offered each quarter: One hour to be arranged

Studio: Section A: Monday, Wednesday 1:40-4:40. *Mr. Westervelt*

Section B: Tuesday, Thursday 1:40-4:40. *Mr. Warren*

Credit: Three, six, or nine quarter hours

Section B is primarily for students with previous art experience.

Studio Courses

229a. PRINCIPLES OF DESIGN. A course oriented especially for students preparing to teach. Experience with various materials and a study of the masters. Not a course in methods. *Miss Huper*

Fall quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

No prerequisite

250a. DRAWING AND COMPOSITION. Principles of color organization. Experiments in various media. *Mr. Warren*

Fall quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 199 (minimum of six hours) or permission of instructor

251b. DRAWING AND PAINTING. Continuation of 250 with attention to problems of color. Watercolor and tempera. Introduction to oil painting. *Mr. Warren*

Winter quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 250 or permission of instructor

252c. PAINTING. Picture structure, problems in still life, landscape, and figure composition. Study of grounds, mediums, and pigments. *Mr. Warren*

Spring quarter: One hour to be arranged

Studio: Monday, Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 251 or permission of instructor

260a. ELEMENTS OF FORM. Introduction to basic form concepts in the plastic arts. Emphasis on clay and glaze, firing techniques and wheel-thrown stoneware. *Mr. Westervelt*

Fall quarter: One hour to be arranged

Studio: Tuesday, Thursday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 199 (minimum of six hours) or permission of instructor

261b. SCULPTURE. The art of sculpture approached through a series of problems designed to develop a student's grasp of plastic form. *Mr. Westervelt*

Winter quarter: One hour to be arranged

Studio: Tuesday, Thursday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 199 (minimum of six hours) or permission of instructor

262c. PLASTIC DESIGN. Experiments in various media such as mosaic, stoneware relief, cast stone, stained glass, enamel, as means of architectural decoration. *Mr. Westervelt*

Spring quarter: One hour to be arranged

Studio: Tuesday, Thursday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Art 199 (minimum of six hours) or permission of instructor

350a, b, c. ADVANCED DRAWING AND PAINTING. Creative work in various media — oil, gouache, encaustic, and transparent water-color. Emphasis on aesthetic considerations of picture structure. *Mr. Warren*

Offered each quarter: Hours to be arranged

Credit: Three, six, or nine quarter hours

Prerequisite: Art 252 or permission of instructor

360a, b, c. ADVANCED SCULPTURE, CERAMICS. Individual problems in sculpture, architectural decoration, or wheel-thrown stoneware design. *Mr. Westervelt*

Offered each quarter: Tuesday, Thursday 1:40-4:40 or by arrangement with instructor

Credit: Three, six, or nine quarter hours

Prerequisite: Art 260, 261, 262 (minimum of six hours)

History and Criticism of Art

304a. MODERN ART: PAINTING AND SCULPTURE. The history and criticism of painting and sculpture from 1785 to 1900. Main emphasis on French and American art, but special attention given to the art of Germany, Italy, England, and Latin America. *Miss Huper*

Spring quarter: Monday, Wednesday, Friday 9:30
Credit: Three quarter hours
Given in alternate years with 319c; not offered in 1961-1962
- 317a. PREHISTORIC AND ANCIENT ART AND ARCHITECTURE. Art and architecture of prehistorical times and of ancient Egypt, Babylonia, Assyria, Persia and the Latin American Indian Civilizations (Maya, Aztec, and Inca). *Miss Huper*
Fall quarter: Monday, Wednesday, Friday 9:30
Credit: Three quarter hours
Given in alternate years with 307a; offered in 1961-1962
- 318b. PREHISTORIC AND ANCIENT ART AND ARCHITECTURE. Art and architecture of ancient India, China, Japan. *Miss Huper*
Winter quarter: Monday, Wednesday, Friday 9:30
Credit: Three quarter hours
Given in alternate years with 308b; offered in 1961-1962
- 319c. PREHISTORIC AND ANCIENT ART AND ARCHITECTURE. Art and architecture of the Minoan-Mycenaean civilization, Greece, the Hellenistic world, and Rome. *Miss Huper*
Spring quarter: Monday, Wednesday, Friday 9:30
Credit: Three quarter hours
Given in alternate years with 309c; offered in 1961-1962
- 410a, b, c. SPECIAL STUDY. Supervised study in studio work or in art history and criticism. Special problems adjusted to the needs and interests of the individual students. In studio work the aim is to develop further the creative imagination of the student and to help her become more sensitive to color relationships, composition, and three-dimensional form. In art history and criticism, the aim is to introduce the student to scholarly research. *The Staff*
Offered each quarter: Hours to be arranged
Credit: Two or three quarter hours

Requirements for the Major

Theory, History, and Criticism:

- (a) 101, 102, 103
- (b) Two of the following: 304, 305, 306
- (c) Two of the following: 307, 308, 309
- (d) One of the following: 317, 318, 319

Art Structure and Studio:

199a, b, c. Students planning to teach may substitute 229 for one quarter of 199.

Minimum of nine quarter hours from: 250, 251, 252, 260, 261, 262

Six quarter hours chosen from: 350, 360, 410

Twelve additional hours in art are recommended, in studio art or the history and criticism of art.

Professor GARBER

Associate Professor BONEY

Associate Professor CHANG

101 or 201. INTRODUCTION TO THE STUDY OF THE BIBLE. The history, literature, and religious teachings of the Old and New Testaments in the various English translations. Consideration given to history and literature contemporary with the Biblical writings, including selections from the Apocrypha.

Throughout the year:

101 Tuesday, Thursday, Saturday 8:30. *Mr. Garber*

201 Section A: Monday, Wednesday, Friday 9:30.

Mr. Garber

Section B: Monday, Wednesday, Friday 11:10.

Mr. Chang

Section C: Monday, Wednesday, Friday 12:10.

Miss Boney

Section D: Tuesday, Thursday, Saturday 11:10.

Mr. Chang

Section E: Tuesday, Thursday 2:00-3:30. *Miss Boney*

Credit: Nine quarter hours

Required for graduation. The basic course.

Bible 101 is limited to freshmen.

208c. POETRY AND WISDOM LITERATURE. A study of the poetry and wisdom literature of the Old Testament, as found in the books of Psalms, Proverbs, Job, Ecclesiastes, Song of Songs, and Lamentations. Comparison made with writings of contemporary peoples in the ancient Near East. *Miss Boney*

Spring quarter: Tuesday, Thursday, Saturday 9:30
Credit: Three quarter hours
Prerequisite: Fall and winter quarters of the basic course
Given in alternate years; offered in 1961-1962

- 218b. CONTEMPORARY AMERICAN RELIGIONS. Beliefs and practices of the main religious groups in the United States with some study of smaller distinctive sects and cults. *Mr. Chang*
Winter quarter: Monday, Wednesday, Friday 8:30
Credit: Three quarter hours
Given in alternate years; not offered in 1961-1962

- 225a. THE BIBLE AS LITERATURE. Literary forms of the English Bible, with careful study of typical examples. *Mr. Garber*
Fall quarter: Tuesday, Thursday, Saturday 9:30
Credit: Three quarter hours
Prerequisite: The basic course
Given in alternate years; offered in 1961-1962

- 230a. THE PRE-CHRISTIAN CENTURIES. An examination of the history, literature and religious ideas of the Jewish people 200 B.C. to 100 A.D., including the Dead Sea Scrolls and other recent discoveries as cultural background for understanding the life and times of Jesus. *Mr. Garber*
Fall quarter: Monday, Wednesday, Friday 11:10
Credit: Three quarter hours
Prerequisite: The basic course
Given in alternate years; offered in 1961-1962

- 266c. APOCALYPTIC LITERATURE. A study of the form and thought of apocalyptic literature, with special attention to the books of Daniel and Revelation. *Miss Boney*
Spring quarter: Monday, Wednesday, Friday 9:30
Credit: Three quarter hours
Prerequisite: The basic course
Given in alternate years; offered in 1961-1962

- 303c. THE ANCIENT MIDDLE EAST. The development of pre-classical civilizations in the Fertile Crescent including ancient Mesopotamia and Egypt as known archaeologically and from extra-biblical literature, with particular attention to Palestine during Old Testament times. *Mr. Garber*
Spring quarter: Monday through Friday 11:10
Credit: Five quarter hours
Prerequisite: The basic course or permission of instructor
Given in alternate years; offered in 1961-1962

- 304a. THE WORLD OF THE APOSTOLIC CHURCH. The Graeco-Roman world known by its literature and by archaeology as background for understanding the establishment and expansion of the Christian Church. The Acts of the Apostles and other portions of the New Testament are used. *Mr. Garber*
Fall quarter: Monday through Friday 11:10
Credit: Five quarter hours
Prerequisite: The basic course or permission of instructor
Given in alternate years; not offered in 1961-1962
- 307c. AMERICAN RELIGIOUS THOUGHT. A general survey of the characteristic phases of religious thinking in the United States from the colonial period to the present. Special consideration given to typical thinkers, to religion as a factor in a developing culture, and to religious thought in the South. Arrangements made for students to attend different types of religious services. *Mr. Garber*
Spring quarter: Monday through Friday 11:10
Credit: Five quarter hours
Given in alternate years; not offered in 1961-1962
- 308c. WORLD RELIGIONS. An introduction to significant contemporary non-Christian world religions. The history, beliefs, and practices of Hinduism, Buddhism, Confucianism, Taoism, Shinto, Judaism, and Islam are considered. *Mr. Chang*
Spring quarter: Monday through Friday 8:30
Credit: Five quarter hours
Prerequisite: The basic course
- 315b. THE JOHANNINE LITERATURE. The general themes of the Fourth Gospel and the Epistles of John. *Mr. Chang*
Winter quarter: Tuesday, Thursday, Saturday 8:30
Credit: Three quarter hours
Prerequisite: The basic course
Given in alternate years; not offered in 1961-1962
- 317b. TYPES OF BIBLICAL THOUGHT. Characteristic viewpoints of the prophet, the psalmist, the priest, the historian, the wisdom teacher, the apocalypticist, the evangelist, and the leading New Testament writers. *Mr. Garber*
Winter quarter: Monday through Friday 11:10
Credit: Five quarter hours
Prerequisite: The basic course
Given in alternate years; offered in 1961-1962

- 323a. THE HEBREW PROPHETS. A study of the prophetic movement in Israel to show the distinctive attitudes and concepts of prophetic religion. *Miss Boney*
Fall quarter: Monday through Friday 8:30
Credit: Five quarter hours
Prerequisite: The basic course
Open to sophomores with permission of instructor
- 325b. JESUS AND HIS TEACHINGS. The life and teachings of Jesus as evidenced in the Synoptic Gospels in the light of Palestinian Judaism.
Winter quarter 1961-1962: Monday through Friday 8:30.
Miss Boney
1962-1963: Monday through Friday 11:10.
Mr. Garber
Credit: Five quarter hours
Prerequisite: The basic course
- 327c. THE LETTERS OF PAUL. An historical and literary study relating the characteristic religious thought of Paul to social, moral, and religious questions of twentieth century Christendom. *Miss Boney*
Spring quarter: Monday through Friday 9:30
Credit: Five quarter hours
Prerequisite: The basic course
Given in alternate years; not offered in 1961-1962
- 340b. RELIGIOUS IDEAS OF THE BIBLE. A topical study of the major religious concepts of the Old and New Testaments, such as God, man, salvation. Special emphasis is given to the use of these ideas at various age levels. *Miss Boney*
Winter quarter: Monday through Friday 9:30
Credit: Five quarter hours
Prerequisite: The basic course
Given in alternate years; not offered in 1961-1962
401. BIBLICAL INTERPRETATION. A study of the nature and form of the biblical languages with a critical evaluation of selected trends in biblical interpretation. *The Staff*
Throughout the year: Monday, Wednesday 4:00-5:00
Credit: Six quarter hours
Seminar for senior majors. Open to others by permission.

Requirements for the Major

Basic course: Bible 101 or 201

Required Bible courses: 303 or 304; 317 or 340; 323; 325; 401

Recommended language course: Greek 203

Elective courses to complete the major and to meet the requirement of related hours must be approved by the department.

The department advises for the Bible major the election of courses in classical literatures, philosophy, psychology, and sociology.

BIOLOGY

Professor BRIDGMAN

Assistant Professor GROSECLOSE

Assistant Professor DOERPINGHAUS

Mrs. GRAY

MR. PARRISH

General Biology

101. GENERAL BIOLOGY. The fundamental principles of biology as exemplified by a study of elementary botany, zoology, physiology and the important theories of heredity. The work of the three quarters is coordinated and forms a course in general introductory biology. *The Staff*

Throughout the year:

Section A: Monday, Wednesday, Friday 9:30

Section B: Monday, Wednesday, Friday 11:10

Section C: Monday, Wednesday, Friday 11:10

Section D: Tuesday, Thursday, Saturday 8:30

Laboratory: Section A or B: Wednesday or Thursday 1:40-4:40

Section C or D: Monday or Tuesday 1:40-4:40

Credit: Twelve quarter hours

302c. EVOLUTION. The theory and evidence of organic evolution. *Miss Bridgman*

Miss Bridgman

Spring quarter: Tuesday, Thursday, Saturday 9:30

Credit: Three quarter hours

Prerequisite: Biology 101

303a-b. GENETICS. The principles of heredity and variation. *Miss Bridgman*

Fall and winter quarters: Tuesday, Thursday 9:30

Conference: Saturday 9:30

Laboratory: Two hours to be arranged

Credit: Without laboratory, four quarter hours; with laboratory, six quarter hours

Prerequisite: Biology 101

The laboratory work is required of students majoring in biology.

Botany

202c. PLANT TAXONOMY. The principles of plant classification and a taxonomic study of the higher plants native to this locality.

Mr. Doerpinghaus

Spring quarter: Wednesday, Friday 8:30

Laboratory: Friday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Biology 101

203a. ECONOMIC BOTANY. A course designed to show the relations of botany to human society. Studies from historical developments to modern applications of plant products. *Mr. Doerpinghaus*

Fall quarter: Monday, Wednesday, Friday 8:30

Credit: Three quarter hours

Prerequisite: Biology 101

Given in alternate years; offered in 1961-1962

204b. PLANT MORPHOLOGY. A survey of the plant kingdom, dealing with gross structure and reproduction of representative forms in a manner which will interrelate them. *Mr. Doerpinghaus*

Winter quarter: Wednesday, Friday 8:30

Laboratory: Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Biology 101

Given in alternate years; not offered in 1961-1962

205b. ANATOMY OF VASCULAR PLANTS. The fundamental structure of the various vascular plants which exemplify the Tracheophyta.

Mr. Doerpinghaus

Winter quarter: Wednesday, Friday 8:30

Laboratory: Wednesday 1:40-4:40

Credit: Three quarter hours

Prerequisite: Biology 101

Given in alternate years; offered in 1961-1962

301b. BACTERIOLOGY. A basic course in the principles and techniques of bacteriology with emphasis on the relationship of micro-organisms to man. *Mr. Doerpinghaus*

Winter quarter: Tuesday, Thursday, Saturday 11:10

Laboratory: Wednesday 1:40-4:40; three hours to be arranged
Credit: Five quarter hours
Prerequisite: Biology 101, Chemistry 101 or 102

- 308b. THALLOPHYTES. A study emphasizing the morphology and physiology of the algae and fungi. The importance of fungi as plant pathogens is also considered. *Mr. Doerpinghaus*

Winter quarter: Tuesday, Thursday, Saturday 11:10

Laboratory: Monday, Wednesday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101

Given in alternate years; not offered in 1961-1962

- 311a. PLANT PHYSIOLOGY. Some aspects of experimental studies devoted to the nutrition, metabolism, and growth of higher plants. *Mr. Doerpinghaus*

Fall quarter: Monday, Wednesday, Friday 8:30

Laboratory: Tuesday 1:40-4:40; three hours to be arranged

Credit: Five quarter hours

Prerequisite: Biology 101, Chemistry 101 or 102

Given in alternate years; not offered in 1961-1962

Zoology

- 201c. ANIMAL ECOLOGY. The basic principles of animal ecology with lectures and field work emphasizing the relationship of animals in natural habitats. Land, fresh water and salt water environments are considered. *Mr. Parrish*

Spring quarter: Wednesday, Friday 8:30

Laboratory or field: Monday 1:40-4:40

Credit: Three quarter hours

Prerequisite or corequisite: Biology 101

- 207a-b. INVERTEBRATE ZOOLOGY. The development, structure, relationships and distribution of the major invertebrate phyla. *Mr. Parrish*

a. Protozoa and Acoelomate Invertebrates

b. Coelomate Invertebrates

Fall and winter quarters: Wednesday, Friday 8:30

Laboratory: Monday 1:40-4:40

Credit: Six quarter hours

Prerequisite: Biology 101

- 304b. COMPARATIVE CHORDATE ANATOMY. A study of the major organ systems of selected chordate types. Laboratory work in-

cludes dissections of amphioxus, dogfish, necturus, turtle, bird, and cat. *Miss Groseclose*

Winter quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101

Given in alternate years; offered in 1961-1962

305b. HISTOLOGY AND MICROTÉCHNIQUE. Primarily a laboratory course with practical work in the more usual methods of histological and cytological technique. *Miss Groseclose*

Winter quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday 1:40-4:40; three hours to be arranged

Credit: Five quarter hours

Prerequisite: Biology 101

Given in alternate years; not offered in 1961-1962

306a. EMBRYOLOGY. The fundamental facts of embryology, with especial reference to mammalian development. *Miss Groseclose*

Fall quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101

310c. GENERAL PHYSIOLOGY. The fundamental activities of living matter with some emphasis on human applications.

Mr. Doerpinghaus

Spring quarter: Monday, Wednesday, Friday 9:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Biology 101; prerequisite or corequisite: Chemistry 101 or 102

Requirements for the Major

Basic course: Biology 101. This course counts nine hours on the requirements for majors.

Required courses when zoology is the subject of primary interest: 302, 303, 306

Required courses when botany is the subject of primary interest: 202, 204 or 205, 302, 303, 301 or 308, 311

Foreign language: German or French

Chemistry: 101 or 102 and 201-203 or 301 a-b

Physics: 101 recommended

Elective courses to complete the major and to meet the requirement of related hours must be approved by the department.

Students planning an interdepartmental major in science must consult the department of primary interest.

CHEMISTRY

Professor FRIERSON

Associate Professor CRIGLER

Associate Professor GARY

Mrs. FOX

101. GENERAL CHEMISTRY. The fundamental laws and theories of chemistry and the more important elements. *Mr. Frierson, Mrs. Fox*

Throughout the year:

Section A: Monday, Wednesday, Friday 9:30

Section B: Monday, Wednesday, Friday 11:10

Laboratory: Section A: Tuesday 1:40-4:40

Section B: Wednesday 1:40-4:40

Section C: Thursday 1:40-4:40

Credit: Twelve quarter hours

102. GENERAL CHEMISTRY AND QUALITATIVE ANALYSIS. The same as 101 fall and winter quarters; qualitative analysis spring quarter. At the beginning of the spring quarter a limited number will be admitted to qualitative analysis and the course will be re-numbered 102. *Miss Gary*

Fall and winter quarters: See 101 for sections

Spring quarter: Monday, Wednesday, Friday 11:10

Laboratory: Tuesday 1:40-4:40

Credit: Twelve quarter hours

- 201a. QUALITATIVE ANALYSIS. Chemical equilibrium and related topics. *Mr. Frierson*

Fall quarter: Tuesday, Thursday 8:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Four quarter hours

Prerequisite: Chemistry 101

Not open to students who have had Chemistry 102

- 202a. ADVANCED INORGANIC. An advanced study of atomic structure, bonding, and complex ions. *Miss Gary*

Fall quarter: Monday, Wednesday, Friday 11:10

Laboratory: Tuesday 1:40-4:40

Credit: Four quarter hours

Prerequisite: Chemistry 102 or 201

203b-c. QUANTITATIVE ANALYSIS. Gravimetric and volumetric methods of analysis. *Mr. Frierson*

Winter and spring quarters: Tuesday, Thursday 8:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Eight quarter hours

Prerequisite: Chemistry 102 or 201

301. ORGANIC CHEMISTRY. A study of the compounds of carbon.

Miss Crigler

Throughout the year: Monday, Wednesday, Friday 8:30

Laboratory: Monday, Wednesday 1:40-4:40

Credit: Fifteen quarter hours

Prerequisite: Chemistry 101 or 102

Students not majoring in chemistry may take 301a-b for credit of ten quarter hours

Open to sophomores with permission of department

302b,c. ADVANCED QUANTITATIVE ANALYSIS. Advanced analytical procedures and modern instrumental methods of analysis.

Miss Gary

Winter and spring quarters: Tuesday, Thursday 11:10

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Four or eight quarter hours

Prerequisite: Chemistry 203

Prerequisite or corequisite: Physics 101

303a-b. QUALITATIVE ORGANIC ANALYSIS. *Miss Crigler*

Fall and winter quarters: Monday, Wednesday 11:10

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Eight quarter hours

Prerequisite: Chemistry 203, 301

304c. BIOCHEMISTRY. A study of the compounds related to metabolism; the chemistry of tissues. This course is designed primarily for premedical students and biology majors. *Miss Crigler*

Spring quarter: Tuesday, Thursday, Saturday 8:30

Laboratory: Tuesday, Thursday 1:40-4:40

Credit: Five quarter hours

Prerequisite: Chemistry 301 a-b, Biology 101

405. PHYSICAL CHEMISTRY. Theoretical principles and their application. *Miss Gary*

Throughout the year: Monday, Wednesday, Friday 8:30

Laboratory: Wednesday 1:40-4:40

Credit: Twelve quarter hours

Prerequisite: Physics 101, Mathematics 201 or 204, Chemistry 203 and 301

Requirements for the Major

Basic courses: Chemistry 101 and 201, or 102

Required chemistry courses: 203, 301, and twelve additional hours (405 strongly recommended)

Required foreign language: German or French

Elective courses to meet the requirement of related hours must be approved by the department.

The department is on the approved list of the American Chemical Society. Students who wish to meet the requirements for certification by the Society should elect chemistry and mathematics in the freshman year and must elect German while in college. Those wishing to participate in this program should consult the department as early as possible because of the necessary sequence of courses in chemistry and related fields.

Students planning an interdepartmental major in science must consult the department of primary interest.

CLASSICAL LANGUAGES AND LITERATURES

Professor GLICK

Associate Professor ZENN

Assistant Professor YOUNG

Greek

101. ELEMENTARY. The essentials of forms and syntax; reading of selections from Xenophon and Plato; writing Greek. *Miss Zenn*
Throughout the year: Monday, Wednesday, Friday 9:30

Credit: Nine quarter hours if taken as a fourth language, or if followed by Greek 201 and 202 or 203, or if a major in Latin is completed

201a. INTERMEDIATE. Review of forms and syntax. Plato: *Apology* or *Crito*, with selections from other writings of Plato. *Miss Glick*
Fall quarter: Tuesday, Thursday, Saturday 12:10

Credit: Three quarter hours if followed by Greek 202 or 203
Prerequisite: Greek 101

202b-c. HOMER: *Iliad*, Books I-VI. Dialect and content; sight translation; metrical reading. *Mrs. Young*

Winter and spring quarters: Tuesday, Thursday, Saturday 12:10
Credit: Six quarter hours
Prerequisite: Greek 201

203b-c. NEW TESTAMENT GREEK. A study of Luke and other writers. *Miss Glick*

Winter and spring quarters: Monday, Wednesday, Friday 3:00
Credit: Six quarter hours
Prerequisite: Greek 201

301a. GREEK TRAGEDY. Euripides: selected plays. *Mrs. Young*

Fall quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three quarter hours

Prerequisite: Greek 202

Given in alternate years with 305a; offered in 1961-1962

302b. GREEK LYRIC POETRY. *Miss Zenn*

Winter quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three or five quarter hours

Prerequisite: Greek 202

A student whose major subject is Greek will be required to take 302 or 308 as a five-hour course, two hours of which will be devoted to Greek writing.

Given in alternate years with 308b; offered in 1961-1962

303c. PLATO: Selected dialogues. *Miss Glick*

Spring quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three quarter hours

Prerequisite: Greek 202

Given in alternate years with 307c; offered in 1961-1962

305a. GREEK TRAGEDIES. Sophocles: selected plays. *Miss Glick*

Fall quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three quarter hours

Prerequisite: Greek 202

Given in alternate years with 301a; not offered in 1961-1962

307c. GREEK HISTORY. Selections from Herodotus or Thucydides. *Miss Zenn*

Spring quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three quarter hours

Prerequisite: Greek 202

Given in alternate years with 303c; not offered in 1961-1962

308b. ARISTOPHANES: Selected plays. *Miss Zenn*

Winter quarter: Tuesday, Thursday, Saturday 11:10

Credit: Three or five quarter hours

Prerequisite: Greek 202

A student whose major subject is Greek will be required to take 302 or 308 as a five-hour course, two hours of which will be devoted to Greek writing.

Given in alternate years with 302b; not offered in 1961-1962

- 350 a or b or c. ADVANCED READING COURSE. Selections from Greek prose and poetry, not covered in other courses, chosen to meet the needs of individual students.

Offered each quarter: Hours to be arranged

Credit: Three or five quarter hours

Prerequisite: Greek 202

Latin

101. LATIN FUNDAMENTALS. An introduction to the fundamentals of Latin grammar and to the reading of Latin authors. *Mrs. Young*

Throughout the year: Hours to be arranged

Credit: Nine quarter hours if taken as a fourth language, or if followed by Latin 104

104. INTERMEDIATE. First quarter: systematic review of principles of syntax; second and third quarters: Virgil, Aeneid I-VI. *Miss Zenn*

Throughout the year: Tuesday, Thursday, Saturday 8:30

Credit: Nine quarter hours

Prerequisite: Two entrance units in Latin, or Latin 101

106. SELECTED LATIN LITERATURE. Selections chosen from a variety of Latin authors according to the needs of the class. *Mrs. Young*

Throughout the year: Monday, Wednesday, Friday 8:30

Credit: Nine quarter hours

Prerequisite: Three entrance units in Latin, or Latin 104

150. LATIN LITERATURE OF THE FIRST CENTURY B.C. Reading from writers of prose and poetry, including one of Cicero's philosophical essays and Horace's Odes and Epodes. *Miss Glick*

Throughout the year: Monday, Wednesday, Friday 11:10

Credit: Nine quarter hours

Prerequisite: Three or four entrance units in Latin, or Latin 104 or Latin 106

In exceptional circumstances, the last two quarters can, with the permission of the department, be taken for six hours credit.

- 201a. ROMAN COMEDY. Selected plays from Plautus and Terence.
Miss Zenn
 Fall quarter: Tuesday, Thursday, Saturday 12:10
 Credit: Three quarter hours
 Prerequisite: Latin 150, or 104 or 106 with permission of the instructor
- 202b. ROMAN SATIRE. Selections from Horace. *Miss Glick*
 Winter quarter: Tuesday, Thursday, Saturday 12:10
 Credit: Three quarter hours
 Prerequisite: Latin 150, or permission of instructor
- 204c. PLINY AND MARTIAL. *The Staff*
 Spring quarter: Tuesday, Thursday, Saturday 12:10
 Credit: Three quarter hours
 Prerequisite: Latin 201 or 202
- 302b. CATULLUS AND THE ELEGIAC POETS. *Mrs. Young*
 Winter quarter: Hours to be arranged
 Credit: Three quarter hours
 Prerequisite: Six quarter hours of 200 grade
Given in alternate years with 306b; offered in 1961-1962
- 303c. LUCRETII: De Rerum Natura. *Miss Glick*
 Spring quarter: Hours to be arranged
 Credit: Three quarter hours
 Prerequisite: One course of 300 grade
Given in alternate years with 308c; not offered in 1961-1962
- 304a. LIVY: Selections from Bks. I-X. *Miss Glick*
 Fall quarter: Hours to be arranged
 Credit: Three or five quarter hours
 Prerequisite: Six quarter hours of 200 grade
 A student whose major subject is Latin will be required to take 304 or 305 as a five-hour course, two hours of which will be devoted to Latin writing.
Given in alternate years with 305a; offered in 1961-1962
- 305a. TACITUS: Agricola or selections from the Annals. *Miss Zenn*
 Fall quarter: Monday, Wednesday, Friday 8:30
 Credit: Three or five quarter hours
 Prerequisite: Six quarter hours of 200 grade
 A student whose major subject is Latin will be required to take 304 or 305 as a five-hour course, two hours of which will be devoted to Latin writing.
Given in alternate years with 304a; not offered in 1961-1962

- 306b. VIRGIL: Eclogues and selections from the Georgics. *Mrs. Young*
Winter quarter: Hours to be arranged
Credit: Three quarter hours
Prerequisite: Six quarter hours of 200 grade
Given in alternate years with 302b; not offered in 1961-1962
- 308c. JUVENAL: Satires. *Miss Glick*
Spring quarter: Hours to be arranged
Credit: Three quarter hours
Prerequisite: One course of 300 grade
Given in alternate years with 303c; offered in 1961-1962
- 350a or b or c. ADVANCED READING COURSE. Selections from Latin prose and poetry, not covered in other courses, chosen to meet the needs of individual students.
Offered each quarter: Hours to be arranged
Credit: Three or five quarter hours
Prerequisite: Six quarter hours of 200 grade

Classical Courses in English

150. CLASSICAL CIVILIZATION. The development of Greek and Roman civilization. Indebtedness of the modern world to Greece and Rome in the fields of language and literature, religion and philosophy, art and architecture, government and law.
Throughout the year:
Section A: Monday, Wednesday, Friday 11:10. *Miss Zenn*
Section B: Tuesday, Thursday, Saturday 9:30. *Mrs. Young*
Credit: Nine quarter hours
- 250a. CLASSICAL MYTHOLOGY. *Miss Glick*
Fall quarter: Monday, Wednesday, Friday 2:00
Credit: Three quarter hours
- 310b. CLASSICAL DRAMA. The origins and development of classical drama. Representative plays of the Greek and Roman dramatists. *Miss Glick*
Winter quarter: Monday, Wednesday, Friday 2:00
Credit: Three quarter hours
Open to sophomores with permission of instructor
- 314c. GREEK THOUGHT. A consideration of certain basically Greek ideas and attitudes with special emphasis on the Republic of Plato. *Miss Glick*
Spring quarter: Monday, Wednesday, Friday 2:00

Credit: Three quarter hours

The Department of Education does not offer a major. Teacher education at Agnes Scott is a college-wide enterprise, and the Department of Education exists only as one of many departments that contribute to the future teacher's curriculum. In order to provide the strongest faculty possible and to enrich course offerings, Agnes Scott College and Emory University cooperate in sponsoring the Agnes Scott-Emory Teacher Education Program. Programs in the various teaching fields have been planned by a Committee on Teacher Education representing both institutions.

Students who plan to teach should begin to plan programs early — in no case later than the end of the sophomore year. It is recommended that they take Psychology 201 in the sophomore year. Mrs. Stack will advise students in regard to requirements and assist in plan-

ning for necessary courses. Certain grade requirements must be met by students applying for admission to the teacher education program; these requirements are posted.

Students planning to teach at the secondary level may be certified in one of the following five fields: English, foreign language, mathematics, science, social studies. Their course of study will include an approved major program in an appropriate subject field and the following courses in Education: 301, 303, 401S, 402, and 404. (Psychology 309, Adolescent Psychology, is strongly recommended.)

Students planning to teach at the elementary-school level must meet the following requirements: (1) Completion of any major offered by the College; (2) Completion of Education 301, 303, 304, 401E, 402, and 404; (3) Completion of thirty quarter hours in work designated as "special fields for elementary-school teachers." A minimum of fifteen of these hours must be selected from art (229 strongly recommended), music (340 recommended), and physical education (recreational leadership required). The remaining hours are to be selected from the following: Biology 101 (five of these hours count toward the required thirty); Sociology 317; Speech (101, 102, 103, or 308); Librarianship 315 (Books and Related Materials for Children and Young People, offered at Emory for three or five quarter hours of credit, spring quarter); History 215 (five of these hours count toward the required thirty) or Political Science 201 (five of these hours count toward the required thirty) or Political Science 308.

Upon successful completion of a planned program at graduation, students fill out an application blank and are approved automatically for certification to teach in Georgia. Out-of-state students should present certification requirements for their respective states at the time of projecting programs in order that proper guidance may be given.

Applied Music

Credit toward the degree is given for courses in piano, organ, violin, and voice. This credit in applied music is limited to twenty-one quarter hours. Each course must be accompanied by a course in theory or history and literature of music.

150, 250, 350, 450. PIANO. *Mr. McDowell, Mr. Miller, Mrs. Gilbreath, Mrs. Harris*

160, 260, 360, 460. ORGAN. *Mr. Martin*

170, 270, 370, 470. VIOLIN. *Mr. Adams*

180, 280, 380, 480. VOICE. *Miss Hagopian*

Throughout the year: Two individual lessons weekly of half an hour each and one class lesson weekly of one hour (hour to be arranged)

A minimum of one hour practice daily for six days per week (see statement below)

Credit: Three, six, or nine quarter hours

Prerequisite: Written permission of the department chairman

Corerequisite: A course in theory or history and literature of music

No more than three hours credit per year in applied music may be earned during the freshman and sophomore years. Applied music courses on the 300 level may be elected for credit of three or six hours. Courses on the 400 level may be elected for credit of three, six, or nine hours. A student may elect applied music for six or nine hours only on invitation of the department.

For each three hours of credit a minimum of one hour practice daily for six days per week is required. Thus a student taking Music 450 for nine hours credit must practice three hours daily.

Admission to courses in organ is usually granted only after the student has completed satisfactorily one year of piano in college.

Students receiving degree credit must perform for the music faculty at the end of each quarter.

Students may take one or two lessons per week in applied music without degree credit. In such cases, no course numbers or grades are given. However, students taking applied music without credit are expected to practice a minimum of one hour daily for six days per week and to attend the weekly class lesson. Students who fail to meet these requirements may be asked to discontinue their lessons.

Ensemble

COLLEGE ORCHESTRA AND ENSEMBLE. Open to all students of the college, the faculty, and members of the community. Sufficient technical training to perform adequately is the only requirement of the ensemble. Students owning instruments are requested to bring them. Admission by consent of the director. *Mr. Adams*

Requirements for the Major

Adequate performing skill, to be tested at the end of the sophomore year. Basic courses: Music 101 (normally elected for the freshman year); Music 111 (normally elected for the sophomore year)

Required courses: Music 211 and 301. Three years (minimum of nine quarter hours) of applied music of degree credit grade, two years of which must be in the junior and senior years. The applied music may be in piano, organ, violin or voice, but cannot be divided between any two of these.

Elective courses to complete the major must be approved by the department.

Students planning to do graduate or professional study in music should elect Music 311 or 411, 412, and two full college years of French or German.

Applied music emphasis: At the end of the sophomore year a student whose ability in performance is above average may be invited by the department to prepare for a senior recital. Students preparing for a senior recital should elect six hours of applied music the junior year and nine hours the senior year.

Students whose principal interest is organ and church music should elect 330, 331, and 332 or 334.

PHYSICAL EDUCATION

Associate Professor WILBURN

Assistant Professor LAPP

Assistant Professor MCKEMIE

Assistant Professor MANUEL

Physical education is required of all students three hours a week during the first two years. Students entering with advanced standing credits, but with additional credit to earn in physical education, are required to take physical education in their first quarter or quarters of residence.

A sport suit of uniform design for physical education classes is required of all entering students. Order blanks are sent during the summer. The College furnishes dance leotards, bathing suits, and towels. Junior transfer students who have had two years of physical education need not order suits before arriving at college.

Posture pictures are made during the fall quarter. Students who need corrective exercises are advised to take Body Mechanics during the winter quarter.

The required pre-admission physical examinations are carefully screened by the college physician. Students who have abnormalities disclosed confer with the physician immediately. Recommendations of the family physician are given consideration, and close supervision is provided when needed. Students who must be limited in physical activity are scheduled for a program of physical education adapted to their needs.

Physical education may be deferred until the fall quarter of the junior year in the case of excessive absences because of illness.

101. COURSES FOR FIRST-YEAR STUDENTS.

Fall quarter: Contemporary dance; folk and square dance; hockey; beginning, intermediate or synchronized swimming; senior life saving (instruction in one). Three hours a week.

Winter quarter: Instruction in one of the activities listed under 201. Three hours a week.

Spring quarter: Instruction in one of the activities listed under 201. Three hours a week.

201. COURSES FOR SECOND-YEAR STUDENTS. Instruction in one of the following activities.

Fall quarter: Contemporary dance; folk and square dance; hockey; beginning, intermediate or synchronized swimming; senior life saving; archery; tennis, riding.

Winter quarter: Beginning or intermediate contemporary dance; folk and square dance; beginning, intermediate or synchronized swimming; senior life saving; badminton; basketball; body mechanics; fencing; riding; tumbling; volleyball.

Spring quarter: Archery, golf, Red Cross instructor's course in life saving and water safety, recreational leadership, swimming, tennis, volleyball, riding.

Dance Club. The aim of the dance club is to acquire a broad understanding of the art through the study of contemporary dance techniques. Special emphasis is placed on creative studies and principles of composition. Admission is by invitation. A studio recital is given during the session and a major production is planned for spring.

Intramural Sports. Sponsored by the athletic association and the department of physical education. During the fall quarter, an interclass swimming meet, hockey games, and singles tennis and

archery tournaments are scheduled. The Dolphin club and tennis club meet regularly. In the winter, basketball games and singles and doubles badminton tournaments are scheduled. The badminton club plays regularly and the Dolphin club presents a major production. In the spring, interclass volleyball games are played, and doubles tennis and archery tournaments are scheduled.

Open Hours. During the year certain hours are set aside each week when students may swim, play badminton and tennis and participate in archery.

Throughout the year: Monday, Wednesday, Friday 12:10

Laboratory: Monday or Tuesday 1:40-4:40

Credit: Twelve quarter hours

Prerequisite or corequisite: Mathematics 101 or 102

- 201a. LIGHT. Geometrical optics. *Mr. Hudson*

Fall quarter: Tuesday, Thursday 12:10

Laboratory: Three hours to be arranged

Credit: Three quarter hours

Prerequisite: Physics 101

Given in alternate years; offered in 1961-1962

- 202b. LIGHT. Physical optics. *Mr. Hudson*

Winter quarter: Tuesday, Thursday 12:10

Laboratory: Three hours to be arranged

Credit: Three quarter hours

Prerequisite: Physics 101

Given in alternate years; offered in 1961-1962

- 301a or a-b. HEAT, THERMODYNAMICS, AND KINETIC THEORY OF GASES. *Mr. Calder*

Fall and winter quarters: Monday, Wednesday 8:30

Laboratory: Three hours to be arranged

Credit: Three or six quarter hours

Prerequisite: Physics 101

Open to sophomores, juniors, and seniors

Given in alternate years; not offered in 1961-1962

302a or a-b. ELECTRICITY AND MAGNETISM. *Mr. Hudson*

Fall and winter quarters: Tuesday, Thursday 12:10

Laboratory: Three hours to be arranged

Credit: Three or six quarter hours

Prerequisite: Physics 101

Open to sophomores, juniors, and seniors

Given in alternate years; not offered in 1961-1962

Spring quarter: Two hours to be arranged

Laboratory: Three hours to be arranged

Credit: Three quarter hours

Prerequisite: Physics 101

Open to sophomores, juniors, and seniors

Given in alternate years; offered in 1961-1962

306c. ELECTRONICS. *Mr. Hudson*

Spring quarter: Tuesday, Thursday 12:10

Laboratory: Three hours to be arranged

Credit: Three quarter hours

Prerequisite: Physics 101

Open to sophomores, juniors, and seniors

Given in alternate years; not offered in 1961-1962

350. ATOMIC PHYSICS. *Mr. Calder*

Throughout the year: Monday, Wednesday, Friday 8:30

Credit: Nine quarter hours

Prerequisite: Physics 101; prerequisite or corequisite:

Mathematics 201 or 204

Given in alternate years; offered in 1961-1962

410a, b, c. SPECIAL STUDY. A course (for majors only) to meet the needs of the individual student. Opportunity is given for independent study or experiment in some field of interest. *The Staff*

Offered each quarter: Hours to be arranged

Laboratory: Hours to be arranged

Credit: Three, six, or nine quarter hours

Requirements for the Major

Basic course: Physics 101

Required courses: Twenty-four additional hours in physics. Physics 350 is recommended.

Required mathematics courses: Mathematics 201 or 204

Elective courses to meet the requirement of related hours must be approved by the department.

Students planning an interdepartmental major in science must consult the department of primary interest.

Astronomy

151a. DESCRIPTIVE ASTRONOMY. Historical introduction, constellation study, celestial sphere, moon, instruments, and telescopic observation. *The Staff*

BUILDINGS, GROUNDS, AND EQUIPMENT

THE COLLEGE has a campus of sixty-five acres. The main buildings are brick and stone and those of more recent construction are modern Gothic in design. Dormitories are completely equipped with sprinkler systems and fire escapes.

BUTTRICK HALL, the classroom-administration building, was erected in 1930 through the support of the General Education Board of New York and is named in honor of Dr. Wallace Buttrick, former president of the Board. It contains administrative and faculty offices, classrooms, the art studios and gallery, day student lounge, and the college post office, bookstore, and bank.

THE MCCAIN LIBRARY, erected in 1936, was named in honor of President Emeritus James Ross McCain by action of the Board of Trustees June 1, 1951.

The Agnes Scott collection numbers about 78,000 volumes, and 339 periodicals are received currently. The two main reading rooms seat 250 students, and an additional 250 can be accommodated in the carrels, the seminar and lecture rooms, and the outdoor reading terrace. There are six floors of open stacks.

Supplementing the bibliographical resources of the Agnes Scott library are Union Catalogues at Emory University and the University of Georgia of the holdings of thirty libraries in the Atlanta-Athens area. About one million and a half volumes are represented. Reciprocity in the libraries of this area, particularly between Agnes Scott and Emory, is a feature of the University Center program.

PRESSER HALL, completed in 1940, bears the name of Theodore Presser, Philadelphia music publisher whose Foundation contributed toward its erection. The building contains Gaines Chapel, Maclean Auditorium, and facilities

for the teaching of music, including soundproof studios and practice rooms.

THE FRANCES WINSHIP WALTERS INFIRMARY, completed in 1949, has capacity for thirty patients. The building is named in honor of the donor, an alumna and trustee of the College.

THE LETITIA PATE EVANS DINING HALL, completed in 1950, is named in honor of its principal donor, Mrs. Letitia Pate Evans of Hot Springs, Virginia. The building has four separate dining rooms, with the main hall large enough to accommodate the entire student body.

THE JOHN BULOW CAMPBELL SCIENCE HALL, completed in 1951, is named in honor of a former trustee of the College. The building contains a total of seventy-seven rooms, including twenty laboratories, five lecture rooms, a large assembly room, a library, a museum, and departmental offices.

THE BRADLEY OBSERVATORY, erected in 1949, houses the 30-inch Beck Telescope, a planetarium, lecture room, photographic dark room, optical shop for making telescopes, laboratory space, and a library.

ALL DORMITORIES are located on the campus. Agnes Scott Hall, Rebekah Scott, Inman, Hopkins, and Walters Hall are the main dormitories. Additional units are Sturgis, Ansley, Gaines, Alexander, Harn-Omwake, East Lawn, and Hardeman houses, also located on campus.

BUCHER SCOTT GYMNASIUM-AUDITORIUM is the center of athletic activities. Basketball and badminton courts, an auditorium, swimming pool, and offices of the physical education directors are located here. Adjacent to the gymnasium are a playing field for hockey, archery, and softball; four all-weather Laykold tennis courts; and an amphitheatre.

Other buildings on the campus include the President's

Home, the Murphey Candler Student Activities Building, the Rogers Cabin, and the Anna Young Alumnae House.

Rooms

All rooms are at the same rate, whether double or single. Each room is furnished with single beds, mattresses and pillows, dressers, chairs, study table, student lamp, bookcase, and waste basket. Students will supply their own bed linen, blankets, curtains, rugs, and towels. Radios are permitted.

COMMUNITY ACTIVITIES

Extra-Curricular Program

THE STUDENT ORGANIZATIONS and publications occupy an important place in the life of the college community. They are supported in part by a comprehensive fee charged each student. This appropriation is distributed among the following: Student Government Association, Athletic Association, the Student Handbook, Mortar Board, Pi Alpha Phi, Lecture Committee, May Day Committee and Dance Group, Social Council, National Student Association, International Relations Club, the literary magazine, the annual, and the weekly newspaper.

The Student Government Association is based upon a charter granted by the faculty and has for its purpose the ordering and control of campus life. Its membership includes all students.

Agnes Scott Christian Association is organized to develop the spiritual life of the students and to cooperate with other student associations in general Christian work. Most of the student body are members.

Athletic Association cooperates with the department of physical education in the management of sports and sponsors inter-class games, tournaments, swimming meets, and general recreational activities. Individual interests and skills are developed through various sports clubs.

Social Council coordinates the social activities of the campus, including in its program a formal reception for new students, dances, movies, and varied Saturday night entertainment during the session.

Lecture Committee, an organization of students and faculty, brings lecturers to the college community.

Publications include the *Aurora*, a quarterly literary magazine; the *Silhouette*, the student yearbook; the *Agnes Scott News*, the campus weekly; and *The Student Hand-*

book, a manual of information issued annually by the student associations.

Clubs directed by students or by students and faculty together provide opportunity for development of special interests and talents. Membership in most of these is open by try-out. They include language clubs, Pi Alpha Phi debating society, Blackfriars dramatic club, the Dance Group, Dolphin Club, Glee Club, Guild Student Group (chartered by the American Guild of Organists and sponsored by the Atlanta chapter), International Relations Club, Psychology Club, and several creative writing groups. National honor societies include Mortar Board (service and leadership); Eta Sigma Phi (classics); Sigma Alpha Iota (music); and Chi Beta Phi (science).

Art and Music

One of Agnes Scott's major responsibilities in the University Center is the development of the Fine Arts. This the College seeks to do through its program of instruction and through general contributions to the cultural life of the community. Exhibitions of paintings, prints, crafts, and other objects of art are held periodically in the College Art Gallery; and throughout the year concerts are presented by the faculty of the music department. All of these events are open to the public without charge.

Religious Life

Every effort is made to promote the students' religious life. They are asked to select the church they desire to make their church home and are encouraged to attend this church regularly.

Devotional exercises are held in chapel every morning except Monday. The Wednesday service is a College Convocation which all members of the college community are expected to attend. Although attendance at other chapel

services is voluntary, students are urged to be present regularly.

Health Service

The student health service is under the direction of the college physician and her staff.

The students' health needs are met as far as possible by the medical department. The comprehensive fee charged all students includes ordinary infirmary and office treatment for resident students, and emergency treatment for non-resident students. If there is need for such special medication as antibiotics, hypodermic injections, vitamins, prescriptions, X-rays, special diet, etc., the expense is met by the individual. Resident students should consult the college physician before seeking medical or dental care in Atlanta.

The College recommends a twelve-month Student Accident and Sickness Insurance Plan in order to help meet possible medical expenses not provided by the college Health Service. Information about the plan is sent to parents prior to the opening of each session.

The College reserves the right, if the parents or guardians cannot be reached, to make decisions concerning emergency health problems. The parent is expected to sign the necessary forms to give the College this right.

Counseling

While each student is encouraged to be increasingly self-reliant in college and community life, the College realizes the value of advisory assistance in developing individual interests and ability. Academic counseling is done by the Dean of the Faculty, the major professors, and designated members of the faculty.

General counseling of students, particularly in relation to non-academic matters and social and extra-curricular activities, is centered in the office of the Dean of Students.

Placement Service

The College operates a placement service through the office of the Dean of the Faculty. Confidential reference files are maintained for all graduates and are sent to prospective employers on request. There is no charge for the service.

A vocational information service is conducted by an Assistant Dean of Students.

On entrance in September		925.00
January 1		700.00
May 1 (graduation fee; seniors only)		10.00

Payment of Fees

The registration fee charged boarding students and all new day students is, as indicated above, applied toward the total expenses of those who enroll. Freshman and transfer applicants who withdraw applications before action is taken, or who withdraw after being notified of acceptance, will

forfeit \$15.00 of the fee if the withdrawal takes place on or before May 1 (or February 1 in the case of Early Decision candidates). Returning students will forfeit \$15.00 of the fee if the withdrawal takes place on or before May 30. After these dates, none of the fee will be refundable. The entire registration fee will be refunded to freshman and transfer applicants whom the College finds it impossible to admit.

Registration in September will be facilitated if payment is sent prior to the student's arrival. The Treasurer requests that the check for payment not include funds for the student's personal account.

The above schedule of payments due before September does not apply to candidates accepted on the Early Decision Plan.

A patron who finds it necessary to request deferred payment of his account is asked to make special arrangements with the Treasurer in advance of the due date. In all such cases notes are to be signed in advance. They bear interest at six per cent from date payment was due.

Notes cannot be accepted for the payment for resident students due June 15.

Discounts

A discount on tuition of \$100.00 is made to resident students whose fathers are ministers; a discount of \$50.00 is made to non-resident students whose fathers are ministers.

Half of all discounts will be credited on the September payment and half on the January payment. Students who receive discounts must be registered for the entire session.

Music and Speech Fees

Fees for private lessons in Music and Speech are to be paid after permission for the lessons has been secured from the course committee. Treasurer's receipt for payment must be presented to the instructor before admission to class can be granted.

Piano tuition (including practice)	\$165.00
Organ tuition (including practice)	180.00
Voice (including practice)	165.00
Violin (including practice room)	165.00
Speech	115.00

The above fees are payable in full in September, or half in September and half on January 1. If one lesson weekly is permitted in applied music or in speech, the charge will be half of the regular fee.

Terms

No student will be admitted for less than a full quarter.

No refunds of any nature are made because of the withdrawal of a student. No adjustment in fees can be made when a student changes from boarding to day student status, or when she attends only one or two quarters of the session, unless arrangements are made with the President prior to the close of the preceding session. These provisions are necessary because all financial arrangements for instruction and maintenance must be made well in advance of the beginning of each college year. With a limited student body, the College suffers a financial loss whenever a student withdraws, no matter how valid the reason.

A student may not attend classes or take examinations until accounts have been satisfactorily adjusted with the Treasurer.

All financial obligations to the college must be met before a student can be awarded a diploma, or before a transcript of record can be issued to another institution. There is no charge for the first transcript, but a charge of \$1.00 is made for each additional copy.

The College does not provide room and board for resident students during the Christmas vacation. The dining hall and dormitories are closed at this time.

In cases of prolonged illness or contagious diseases, students must provide a nurse at their expense and must pay for medicines and for consultations.

The College exercises every precaution to protect property of students, but will not be responsible for any losses that may occur.

It is understood that upon the entrance of a student her parent or guardian accepts as final and binding the terms and regulations outlined in the catalogue.

Personal Accounts

Money may be deposited in the college bank to the account of a student and is payable on her checks. No account other than the cancelled checks is kept.

Books and supplies may be purchased for cash in the bookstore. The College suggests that \$75.00 be brought for this purpose.

SCHOLARSHIP AND SPECIAL FUNDS

Financial Aid Program

THE INCOME from a limited number of endowed funds is available for students who need financial assistance in order to attend Agnes Scott. All of the awards except special ones made at Commencement are subject to renewal each year, in whole or in part, provided the need continues to exist and the student's academic progress is satisfactory. Students already in residence receive instructions during the session regarding procedure for filing application. Entering students will receive instructions from the Office of Admissions and are urged to obtain these instructions before January 15 (scholarship applicants on the Early Decision Plan must secure instructions before October 1).

Agnes Scott participates in the College Scholarship Service of the College Entrance Examination Board. This Service is a cooperative undertaking among colleges to foster the distribution of financial aid on the basis of actual need; a uniform scholarship application form (the Parents' Confidential Statement) is required, and uniform methods of computing need are employed. In line with the policy of colleges subscribing to the Service, the amount of each stipend is determined in relation to financial need, and within the limits of available funds. Any recipient of an Agnes Scott scholarship who has received financial assistance from another source is expected to notify the College. The Agnes Scott scholarship may then be subject to review and some adjustment made. It is also subject to adjustment if the recipient is awarded an honor scholarship at Commencement (see section on Commencement Awards).

Entering students who need assistance are eligible for two types of aid: awards which require no duties during the first year, and service grants which require three and one

half to four hours of work per week in return. All scholarship renewals are in the form of service scholarships or, in unusual circumstances, a combination of service scholarship and grant-in-aid. In no case does a service scholarship for an upperclassman require work in excess of ten hours per week. Duties are assigned through the Supervisor of Service Scholarships (a member of the Dean of Students' staff) and may involve acting as hostesses, operating the switchboard, or helping in the library, offices, physical education department, or laboratories.

If an applicant's need exceeds the resources available at Agnes Scott, the College is often able to assist her in securing aid from one of several educational loan foundations established for the purpose.

ALUMNAE ASSOCIATION

ORGANIZED in 1895, the Alumnae Association of Agnes Scott College has as its purpose the promotion of its members' interest in the College and in liberal education. Its work is done under the authority of an Executive Board composed of officers, committee chairmen, and the presidents of the four nearest alumnae clubs. Branches of the Association, in the form of Agnes Scott alumnae clubs, are active in thirty-six cities.

The Alumnae Association operates the Anna Young Alumnae House, publishes The Agnes Scott Alumnae Quarterly, conducts the Alumnae Fund, and maintains files of information on more than 9,500 individual alumnae. Volunteer committees, under the governance of the Executive Board, carry on services including house and grounds improvement, planning of special events and entertainments, presentation of an annual career conference for students, correspondence with class and club officers, and a continuing program to make alumnae an active force in American education.
